

SAVE MONEY AND EMISSIONS WITH ALTERNATIVE FUEL VEHICLES

Commonwealth of Virginia Alternative Fuels Transition Program

Propane | Electric | Natural Gas

Alternative Fuel Vehicles Have Clear Benefits Over Diesel

- Significant cost savings on fuel and maintenance
- Domestically sourced fuel
- Lower levels of harmful emissions including NOx and CO2
- Reduced noise and air pollution
- Safe and reliable

Your Fleet is Eligible for Reimbursements up to \$10,000 per Vehicle

The Virginia Energy CMAQ program provides reimbursements for the following:

- LPG (propane)
- Electric
- CNG (natural gas)

State and local government fleets in CMAQ areas are eligible.
