## Webinar: EVSE 101 and Q&A

Join us on **June 12th at 3 PM EST** for a practical introduction to electric vehicle charging equipment (EVSE). This session is ideal for site hosts, local governments and community leaders exploring EV charging station installation. You'll also hear from EVSE experts and learn about support available through VCC's Rural Reimagined and Mid-Atlantic Electrification Partnership programs. Register for free to take the next step toward EV readiness.

## FTA Low or No-Emission Grants open

\$1.1 billion is available under the U.S. Federal Transit Association's competitive Low or No Emission Grant Program. Applications are due by July 14, 2025. This program provides funding to state and local governmental authorities for the purchase or lease of zero-emission and low-emission transit buses as well as acquisition, construction, and leasing of required supporting facilities.

## Roush: Power of Partnership

## NAFA Green Fleet Awards Open

Through their partnership with Blue Bird, ROUSH CleanTech has been able to provide their customers with the power to choose: propane, gasoline, EV or diesel. Backed by the most successful alternative fuels alliance in the industry, Blue Bird unveiled its propane stripped chassis at ACT Expo, which provides fleets with more fuel and chassis options than they've had before.

# NAFA GREEN FLEET AWARDS

The National Association of Fleet Administrators (NAFA) has opened their call for applications to the 2025 Green Fleet Award. This award is free to enter and is open to all government fleets and commercial fleets in North America. It recognizes peak-performing inventive fleet sustainability efforts and honors fleets who have enhanced practices to make a positive impact on the environment. Deadline is July 11, 2025.

# SAE INTERNATIONAL®

## TRAINING PARTNERSHIP

## SAE International Course

Through a discount agreement through SAE International, all clean cities coalition stakeholders and green fleets will have access to SAE's leading-edge resources and training opportunities on topics such as High Voltage Safety, Vehicle Electrification and Battery Management.

SAE's next training course will be held virtually on **June 9th and 10th at 12:30 PM EST**. Alternatively, an in-person session will be held on August 11th in Fairfax, Virginia.

Don't forget to use code CC2025 for 5% off your registration!
